## As a hypnotherapist:

Psychological treatment and personality correction through hypnotherapy.

Conducting individual and group personality assessments to identify barriers to further growth.

Removing specific biological programs to achieve a wealthy and happy life.

Deep processing and elimination of suppressed emotions, old programs, grudges, and fears.

Discovering one's true purpose by addressing specific biological programs.

Psychological support and team collaboration.

Eliminating ancestral programs that affect life and business.

After completing comprehensive training with Consultant A. R. Yussupov, clients receive transformation, diagnosis, and correction of personality, personal finances, and business strategies.

Clients develop a positive outlook on life, enhance their material well-being, and establish clear life goals and priorities.
